Subject: Conflict of Minerals policy statement

RE: Section 1502 of the 2010 Dodd-Frank Wall Street Reform and Consumer Protection Act

To the best of our knowledge, at no time do our products that we manufacture, or contract to manufacture, contain any of the following conflict minerals:

- A. Columbite-tantalite (coltan); cassiterite (the metal ore from which tin is extracted); gold; wolframite (the metal from which tungsten is extracted); or their derivatives
- B. Any other mineral or its derivatives determined by the Secretary of State to be financing conflict in the Democratic Republic of the Congo or an adjoining country (the DRC).

Sincerely,

A handwritten signature in blue ink that reads 'Frank DiMaio'. The signature is written in a cursive, flowing style.
